

Loren Petty

Storyboard Artist

lorenpettyart.com

My name is Loren Petty and I'm an aspiring Storyboard Artist. I previously went to college and got my BA in Media Arts and Animation, however I have been working as a manager of a call center instead of in my desired field. I am looking to pivot from the customer service industry into animation and fulfill my dream of working in film and tv.

Conceptual Skills:

- ◆ Storyboarding
- ◆ Life Drawing
- ◆ Painting (Traditional and Digital)
